The Exchange For Entrepreneurs

The CSE is one of only four exchanges in Canada offering listing services to public companies. In addition to successfully operating a cost efficient and user-friendly platform for early stage growth companies, the exchange also provides a competing trading venue for stocks listed on other Canadian exchanges. Urbana led a refinancing of the CSE in late 2012, supporting a capable and experienced management team with a hard won market position. In recent years the company has been a major player in the capitalization of the cannabis industry in Canada and internationally. The exchange continues to deepen its pipeline of listings, including companies across a broad spectrum of industries from around the world. For more information visit www.thecse.com

Caldwell Financial Ltd. (“CFL”)

The purchase of CFL, the parent company of Caldwell Securities Ltd. (“CSL”) and Caldwell Investment Management Ltd. (“CIM”) was made at an advantageous valuation representing a fraction of the price for similar entities. Urbana’s strategy has been to accumulate positions within the financial services industry and when appropriate, to act as a consolidator. Urbana came into existence through CSL and CIM and both have been extremely helpful to Urbana’s investment performance over the years, from deal flow, trading, strategic market inputs, evaluations and overall management. The ownership position also provides a degree of offset to fees and charges paid to those entities. For more information visit www.caldwellsecurities.com and www.caldwellinvestment.com

Caldwell Growth Opportunities Fund (“OPPS”)

Our investment in the OPPS enables Urbana to have an initial participation in private investments into which we may decide to make larger direct purchases. Examples include Kognitiv Corporation and Vive Crop Protection. One can access the underlying investments in OPPS by contacting Caldwell Investment Management Ltd. info@caldwellinvestment.com
